THIS IS DIFFERENT FROM WHAT IS CALLED ONE THAT ARE BORN FROM FLOODING

I AGREE

THAT'S "ONE OTOSHI".

I THINK SO TOO BUT IT SEEMS LIKE THEY'RE ASKING US TO INVESTIGATE IT FIRST.

They said that "Mighty" was too.

TM: Depending from what you're talking about, or how you take "seriously not spirit", it is dangerous. The intention is to appear to be a danger. # POSTSCRIPT

Alright, so here I come! Hello everyone, I'm Ryuji x Gotsuuso. Thank you very much for picking up this volume even though there're a lot of manas available.

This meet was supposed to be a one-shot at the beginning (that's what I thought). Though it was actually a one-season serial story so there was such a need to finish every chapter (well, it's always like this but...)

Even though Aranea Trac has ended without several crucial episodes, I'm very grateful that now it's released as a volume. The story ends here for now though I'd be delighted if I could write continuation of this story one day. Again, thank you very much.
